Books

- Garrett, L. (2007). *Get Ready for A and P or Get Ready for Biology*, ISBN # 0 32149326-5, or 978032150071, San Francisco, CA: Pearson Education Inc. 2nd edition. (This paperback book is often purchased along with books for Basic Biological Concepts, Anatomy or Biology classes.) The sections on Basic Math, Body Basics, Chemistry and Cell biology are great. The content is about the same even thought the titles say Biology or A & P. Answers are included. The book gives web site resources some of which I have included. The Kirkwood Library has several copies on reserve and at least one for checking out.
