April 24, 2012

Congratulations! You have been accepted to Kirkwood as a student in one of our Liberal Arts Career Options majors, which are part of the Arts and Sciences area of the College.

If you plan to earn a college degree, be aware that you will be expected to take a variety of courses, called core courses, within several academic areas: math, science, writing, communication, social sciences, arts and humanities. Courses in these areas provide a variety of perspectives and introduce a number of critical thinking strategies. This foundation of courses provides a Liberal Arts education, and most courses are readily transferable to four-year colleges and universities. In addition you will take major emphasize courses which will give you specific skills in your chosen field.

You will be receiving an additional letter in the mail from your Career Options major. Each Career Options student is required to sign up for an Advising Session per their program in order to register for courses. This letter will explain what you need to do prior to the Advising Session which includes:

- How to transfer your transcript if you are transferring in from another college
- How to submit your ACT scores or how to complete the Kirkwood placement test scores (COMPASS)
- How to transfer your COMPASS test scores if you are transferring in from another college
- How to establish your Eagelnet password
- How to sign up for an Advising Session per your area of interest

The staff and faculty of this department are dedicated to meeting your learning needs and providing you with the best possible education.

Please feel free to contact us with any questions.

Certified Drug and Alcohol	Jody Weigel	(319) 398-5715	jody.weigel@kirkwood.edu
