Equal Employment Opportunity/Affirmative Action Program

*Equal Employment Opportunity* - The legal necessity to maintain programs to insure fair and equitable treatment of all employees and applicants regardless of sex, race, age, creed, color, national origin, religion, marital status, or disability.

Kirkwood Community College declares and affirms to its students, employees and to the public that it does not discriminate on the basis of sex, race, color, creed, religion, national origin, age, sexual orientation, gender, gender identity, physical attributes, physical or mental ability, marital status, veteran status, genetic information, or socioeconomic status in its educational programs, activities, admission procedures or employment practices. The college affirms its commitment to comply with all applicable federal, state, and local laws, regulations and orders.

*Affirmative Action* - The legal necessity to maintain a recruitment and employment program that will affect a change in staffing patterns; an attempt to eliminate employment discrimination based upon sex, race, age, creed, color, national origin, religion, or disability.

This program is also designed to support affirmative action practices that advance the representation and utilization of protected class members. It is not intended to be an end product, but rather an indication of an ongoing process toward accomplishing objectives and resolving conflict related to employment and educational equity within the college.

Discrimination and Sexual Harassment Complaint Process

All Kirkwood employees and students who feel they have been denied equal opportunity on the basis of sex, race, age, creed, color, national origin, religion, sexual orientation, gender identity, marital status, or disability may seek remedy through an internal complaint process. This process also pertains to those who feel they have been the subjects of sexual harassment (see definition on page 11). The college assures that full cooperation will be provided to any individual filing a complaint with no threat of penalty or reprisal to the complainant. If the complaint involves alleged discriminatory or harassing behavior by the EEO/AA Officer, the Vice-President, Instruction, should be contacted in lieu of the EEO/AA Officer wherever referenced in the following procedures.

Informal Inquiry
Individuals are encouraged to make informal inquiry to their immediate supervisor, instructor, advisor, or counselor, as soon as possible following the date of occurrence of the event giving rise to the complaint communication. The staff member contacted will report the incident to the EEO/AA Officer for purposes of documentation and advice regarding the necessary steps of the complaint process. Every effort should be made to resolve the conflict at this time. If this is not possible, the individual will be referred to the EEO/AA Officer.
** Formal Complaint Process 

The EEO/AA Officer should be contacted immediately following the event giving rise to an alleged discrimination or harassment complaint or at the time the complainant becomes aware of such an event or situation. If a resolution has not been reached or is not possible through the informal process the following steps may be taken.

**Step One**

Kirkwood requires that aggrieved persons who believe they have been the subject of sexual harassment or discriminated against because of sex, race, age, creed, color, national origin, religion, sexual orientation, gender identity, marital status, or disability submit a written complaint to the EEO/AA Officer within thirty (30) calendar days of the occurrence of the event or situation. The written complaint should contain the date of the occurrence, location, party or parties involved, names of witnesses, the facts and/or rationale of the complaint, and the category (age, sex, disability, etc.).

**Step Two**

The EEO/AA Officer will conduct an investigation based upon the complaint. The investigation will be conducted per the following process:

a. Meet with the person against whom the complaint is made and provide them with complete information of the complaint. The alleged perpetrator will have the opportunity to respond to the complaint at that time, or may respond within the next five days.

b. After the response has been made, the EEO/AA Officer will conduct the investigation through interviews with others who may have witnessed the incident or been in the vicinity where the alleged behavior occurred.

c. The EEO/AA Officer will provide a written summary/report to the complainant and alleged perpetrator within thirty (30) calendar days of receipt of the complaint. The summary will include a thorough and documented review of the circumstances under which the alleged discrimination or harassment occurred.
Step Three
The EEO/AA Officer will make recommendations for resolution of the complaint. If a satisfactory resolution can be arrived at, the terms of the resolution will be documented in writing and made part of the complaint file. In the event the complaint is found to be valid and involves an individual’s behavior, that person will receive appropriate counseling or disciplinary action. Ultimate dismissal is included in the disciplinary actions which may occur.

Step Four
If a satisfactory resolution has not been arrived at, the complainant will have ten (10) calendar days to request, in writing, that the President review and adjudicate the complaint. The President will review the complaint and within (10) calendar days take appropriate action to resolve the matter.

Step Five
All aggrieved persons are encouraged to process complaints of alleged discrimination or harassment through the internal procedures established for this purpose. However, the complainant may seek remedy at any time from the Cedar Rapids Human Rights Commission, the Iowa Civil Rights Commission, the Federal Equal Employment Opportunity Commission, or other appropriate agencies. The complaint must be filed within 180 days of the alleged discrimination. The complainant may withdraw the complaint at any time and resolution reached at any step of the process.
Definition of Sexual Harassment

Faculty, staff, and students at Kirkwood Community College have a right to be free from sexual harassment in the Kirkwood environment. Kirkwood does not condone actions and words that a reasonable person would regard as sexually harassing or coercive.

Definition

Sexual harassment encompasses any sexual attention, from either gender, that is unwanted, and is defined as unwelcome advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when:

• submission is made an express or implied term or condition of employment or status in a class, program, or activity;
• submission to or rejection of the behavior is used to make an employment or educational decision (such as hiring, promotion, or grading a course);
• the conduct has the purpose or effect of unreasonably interfering with a person’s work or educational performance or creates an intimidating, hostile, or offensive environment for work or learning, including harassment in the Kirkwood environment from an outside party, such as a vendor.

Sexual harassment may take many forms, for example:

• physical assault;
• direct or implied threats that submission to sexual advances will be a condition of employment, work status, promotion, or grades;
• direct propositions of a sexual nature;
• comments of a sexual nature;
• sexually explicit statements, questions, jokes, or anecdotes;
• unnecessary touching, patting, hugging, or brushing against a person’s body;
• remarks of a sexual nature about a person’s clothing, body, about sexual activity, or about previous sexual experience.

Students, faculty, and staff need to be concerned not only with the intent of their actions of this kind but also the effects; while sexual harassment involves repeated, unwanted sexual attention, persons involved in isolated or inadvertent incidents demonstrate an insensitivity toward others. Repeated occurrences will be considered intentional violations of the policy.
General Harassment and Workplace Violence

Kirkwood Community College believes that all students, staff and visitors to the College are entitled to learn and work in a safe environment, free of fear for their personal safety and well-being. Therefore:

It is the policy of Kirkwood Community College that verbal harassment, threats of aggression, or acts of physical violence will not be tolerated.

Employees who have been the object of such a threat or act must immediately report the incident to their immediate supervisor or to the Director of Human Resources. In most instances, a signed statement will be required. Any supervisor who observes, overhears or receives a report of verbal harassment, threats of aggression or acts of physical violence, must immediately report same to the Director of Human Resources, or in his/her absence, to the Dean of Students or Vice President of Administration.

Any harassment, threats, or acts of violence will be taken seriously. Upon receiving such a report, an immediate investigation will be undertaken. Reasonable steps will be taken to protect employees, students, visitors, and personal property from harm.

Any employee who is found to have harassed or threatened anyone at or from the workplace either in person or using telephones, fax machines, computers, or other communication devices, will be subject to disciplinary action up to and including termination.

If necessary, local law enforcement officials will be contacted to assist in handling a threat or act of violence.
EEO/AA Program

Employment Activities

All Kirkwood personnel who recruit, interview, select, and make recommendations for employment, and employment actions such as training, promotion, performance appraisal, reassignment, disciplinary action, or discharge are required to adhere to the college’s EEO/AA guidelines and polices of the Board of Trustees.

Recruitment
Kirkwood demonstrates its commitment to affirmative action by practicing recruitment techniques designed to encourage employment applications and student enrollment applications from under-represented groups and by providing equal opportunity for all members of the college community. Applicants will not be discouraged from entering non-traditional areas.

Selection and Placement
No employee, prospective employee, student, or prospective student shall be discriminated against in the selection or placement process because of sex, race, age, creed, color, national origin, sexual orientation, gender identity, religion, marital status, or disability (except when a bona fide occupational qualification is proven to exist). Employment decisions are based solely upon the qualifications of the individual applicant. The college has an open admission policy for students.

Transfer, Promotion, Reassignment
Employment actions involving transfer, promotion, and reassignment are based upon employee qualifications and the needs of the college, and in adherence to the polices established by the Board of Trustees. External and internal position openings are publicized throughout the college and all qualified employees are given the opportunity to make application for them.
Training and Development
Supervisory personnel will inform and encourage employees to seek additional educational experience related to job improvement or personal and professional growth. Career counseling is available to all employees and they are urged to participate in college sponsored training programs and other educational experiences.

Compensation, Benefits, and Working Conditions
Kirkwood complies with all relevant state and federal legislation concerning the administration of wage, salary, fringe benefits, working conditions, and other privileges associated with employment. Information regarding these conditions is continually compiled, updated, and reviewed and action taken to eliminate any inequities based upon an employee’s sex, race, age, creed, color, national origin, religion, sexual orientation, gender identity, marital status, or disability.

Disciplinary Action, Termination, and Retrenchment
In the event that disciplinary action, termination, or retrenchment become necessary, procedures for these actions do not differ on the basis of the employee’s sex, race, age, creed, color, national origin, religion, sexual orientation, gender identity, marital status, or disability. Any such action or recommendation is reviewed by the Director, Human Resources and the EEO/AA Officer. Alternatives to such action are explored and given consideration. Termination or disciplinary action is not used as punishment or harassment against any employee who has filed a complaint of discrimination against the college.
Consensual Relationships

The educational mission of the college is promoted by professionalism, which is fostered by an atmosphere of mutual trust and respect. These are diminished when persons in positions of authority abuse or appear to abuse their authority, as in the case of amorous relationships between faculty and students.

Kirkwood will view it as unethical if faculty members or administrators engage in amorous relationships with students enrolled in their classes or staff who are subject to their supervision. The same is true even when the relationship appears to be consensual (i.e. both parties have consented) because the voluntary consent of the student or staff member is in doubt given the power imbalance in the relationship. When aware of such a situation, Kirkwood will attempt to reassign students to classes that remove them from the power situation or reassign a staff member to another department.
Americans with Disabilities Act of 1990

Policy Statement
Kirkwood Community College does not discriminate against qualified individuals with disabilities. The college provides reasonable accommodation(s), as required by law, to otherwise qualified applicants, employees, and students with disabilities in all work settings, education programs, activities, services, and practices, including application procedures, admissions, course selection, the awarding of degrees, discipline, and dismissal. Educational, employment, or promotion opportunities will not be denied to an employee or students because of the need to make reasonable accommodation(s) or modification(s) for the physical and mental impairment(s) of any such individual.

Disability Accommodations for Employees
Any employee of Kirkwood Community College who has a disability for which an accommodation is needed should follow these procedures.

The employee can meet with the Director of Human Resources, or self refer directly to the Dean of Learning Services, who is responsible for ADA accommodations for students and staff. The employee and Dean of Learning Services will meet and the employee will complete an application for accommodation. The employee will supply documentation of the disability to the Dean of Learning Services who will evaluate the documentation to determine if a disability exists. If so, the implications and impact as it pertains to the job/position and the accommodation needs of the employee will be considered.

The Dean of Learning Services will function as the case manager for the employee to determine an accommodation plan and work with the employee and the college to implement a reasonable accommodation plan.

Appeals can be directed to the ADA Case Management Committee, chaired by the Dean of Learning Services.
Affirmative Action

Utilization Study
The college has conducted an underutilization study per federal guidelines in order to consistently strive to achieve parity for protected groups under Title VII. On the next two pages are the data from the study and the hire record for Kirkwood during the past two years. The EEO Officer and the EEO Advisory Committee recommend that the following areas be highlighted for recruitment efforts and protected class consideration during the next two years.

- Minority Faculty and Staff
- Female Service Staff
