

# THE REGIONAL CENTER FOR EMS EDUCATION

AT KIRKWOOD COMMUNITY COLLEGE  
LIAISON & OUTREACH EDUCATION SERVICES

Kirkwood Community College has been providing initial and continuing education for EMS professionals in Iowa for more than 25 years. Located on the campus of Kirkwood Community College in Cedar Rapids, Iowa, the Regional Center for EMS Education (RCEMSE) provides high quality EMS education programs in the seven-county region served by Kirkwood Community College.

## FLEXIBLE OFFERINGS

The RCEMSE at Kirkwood Community College can assist EMS agencies and individual providers with all of their EMS education needs. We are authorized by the Iowa Department of Public Health—Bureau of EMS to provide EMS instruction at all levels (Iowa Code Section 174.161). From certifying your service's formal education offerings to providing content, instructional materials, equipment, classroom spaces and instructors, we offer a wide variety of courses and EMS provider certification classes.

## FACULTY

All programs offered by the RCEMSE at Kirkwood Community College are taught by certified EMS professionals or health care providers with subject matter expertise in the field of instruction. All Department of Transportation courses are taught by state-endorsed EMS instructors certified at or above the level of instruction.

## PROGRAMS OFFERED

All programs below can be offered on-site or at one of Kirkwood Community College's campuses. Most programs are one to two hours in length, but can be customized to fit your service's needs. All are formal education hours unless otherwise indicated.\*
