Date _________________________________________________________

Registrations are due one week prior to start of the class. Classes are subject to cancellation if registration is insufficient. Registration is not complete until payment is received. Seating is limited and may fill prior to deadline.
SNAP-ON DIAGNOSTIC CERTIFICATION

Today’s vehicles require computerized diagnostics to properly identify problems. Snap-on diagnostic tools make up approximately 65 percent of the aftermarket automotive diagnostic tool market.

The true power of these sophisticated tools can only be fully realized with Snap-on certification training. Snap-on certified instructors are prepared to train students, educators and professionals for Snap-on diagnostics certification.

Upon completion of training on Snap-on diagnostic products, and after passing the rigorous test, you are considered a power user of Snap-on diagnostic tools with an efficiency of 90-100 percent. Achieve master status (top 10 percent nationwide) and be one of the most sought after technicians in the field.

Snap-on certification is available for each of the three diagnostic tools:

ETHOS™
The quick go-to scan tool ideal for entry-level technicians, service advisors and top technicians looking for quick answers to tough questions.

SOLUS PRO™
The next step, this tool communicates with the onboard computers to read and clear trouble codes, verify input readings and simulate outputs on today’s advanced computer-controlled systems.

MODIS™
Learn to effectively operate the all-in-one flagship of the Snap-on diagnostic family. MODIS™ combines, multiplies and exceeds the power of Vantage PRO™ and SOLUS PRO™ together into one unit. Its four-channel lab scope, power graphing meter, component-test meter, scanner and more make it the most advanced diagnostic tool in the industry.

8 hours | Course fee: $245
CIAS-032-MIT01 | Sat, June 6,
Auto Technology, Room 108, 8 am-5 pm, 1 session
CIAS-032-MIT02 | Sat, Aug 1,
Auto Technology, Room 108, 8 am-5 pm, 1 session
CIAS-032-MIT03 | Sat, Nov 3,
Auto Technology, Room 108, 8 am-5 pm, 1 session
CIAS-032-MIT04 | Sat, Nov 7,
Auto Technology, Room 108, 8 am-5 pm, 1 session

SOLUS PRO™

8 hours | Course fee: $245
CIAS-030-MIT02 | Sat, July 11,
Auto Technology, Room 108, 8 am-5 pm, 1 session
CIAS-030-MIT03 | Sat, Sept 5,
Auto Technology, Room 108, 8 am-5 pm, 1 session

ETHOS™
Discover ETHOS™, a quick go-to scan tool that complements the Snap-on family of scanning tools. It is ideal for an entry-level technician, a service advisor or a top-tech who wants quick answers to tough problems.

4 hours | Course fee: $125
