Goal in Progress

Date: May/June 2007

Notes:
We have done a preliminary update on Course Syllabi, showing common course numbering and name changes, outlining course competencies and updating required materials. We have scheduled time to continue this process by updating the course competencies, then matching them to when and to what degree are they taught. This process will begin this summer and continue through the next academic year.

Goal Revised as Follows

Date: 2007-2008 Academic year

Notes:
Coordination of Program Competencies as they apply to individual courses by indicating when and to what degree each competency is addressed and fulfilled.
