Project Description and Scope: The Satisfactory Academic Progress process evaluates a student’s progress toward completion of their program and assigns a status used to determine whether or not they are eligible to continue to receive Financial Aid. There are several things in our policy that we’re not able to enforce with the delivered process, including allowances for Medical Appeal terms, 5-year-out students, and exclusion of ESL credits from the 150% of program calculation. We need this to be in place and well-tested by the end of 2007.
