Project Title: Setting Defaults on BILL (pneumonic)

Sponsor or Approver: Karol Spores

Contact Information: Enrollment Services 216KH, ext. 5477

Project Description and Scope: When using the pneumonic BILL, could the default for "Room Billing/Batch" & "Meal Billing/Batch" be set at "No"? We change it to "No" every time we use this pneumonic, and though it's not difficult, it would be a much more efficient use of our time to be able to eliminate those two adjustments.

Most Important Requirements:

Colleague Module: Student

Additional Information: pneumonic – BILL fields - Room Billing/Batch and Meal Billing/Batch
