KIRKWOOD COMMUNITY COLLEGE 2026 BOND REFERENDUM

PREPARING STUDENTS. STRENGTHENING COMMUNITIES.

In November 2026, voters will consider an $88 million general obligation bond referendum for Kirkwood Community College.

The proposed bond is about more than buildings. It is about ensuring students have access to modern learning environments that prepare them for the careers our communities depend on every day — including health care, agriculture, business, information technology, advanced manufacturing, and the skilled trades.

WHY IS THIS INVESTMENT BEING CONSIDERED?

Many of Kirkwood's instructional spaces were built decades ago and need updates to better reflect today's technology, equipment, and industry standards.

The proposed projects would modernize learning environments so students can train using the tools, technology, and spaces they are likely to encounter in the workforce.

HOW MUCH WOULD IT COST?

For residential homeowners, the estimated cost is **$9.35 per year for every $100,000 of assessed property value**.

LESS THAN
$10
PER YEAR

OR

LESS THAN
$1
PER MONTH

Actual costs may be lower depending on available exemptions and property tax credits.

VOTE NOV. 3

PROPOSED PROJECTS

The proposed bond would support:

- Advanced Manufacturing and Trades Renovations
- Business and IT Upgrades
- Health Sciences Improvements
- Agricultural Operations Machinery Shop
- High-Demand Active Learning Classrooms
