

Dental Technology

Department: Allied Health

Degree: Associate of Applied Science

Entry time: Fall

Length: 2 years (5 semesters, including 1 summer)

- Kirkwood is one of the few colleges in the country that has a **Dental Assisting, Dental Hygiene, and Dental Technology** program.
- Kirkwood has the **only** Dental Technology program in Iowa.
- Students gain hands-on experience at the **University of Iowa College of Dentistry**.
- The program features **award-winning, knowledgeable faculty** who are experts in their field and focused on **student success**.
- **Small class sizes** promote exceptional learning opportunities.
- Students are **encouraged** to take an **art class for their humanities requirement** like painting, drawing, sculpture or a ceramics course, as all of the skills learned are used in the field.
- **Kirkwood students** consistently **score above national average** on the national graduate examination.
- Program has two **fully equipped labs** dedicated to student learning.

Program Description

Dental technology is the art and science of designing and fabricating custom made corrective devices and replacements for natural teeth. The goal and challenge for a dental technologist is to create a restoration that is a perfect match to a patient's natural dentition. Technological revolutions have allowed computer-based modeling to support a broad application to the fabrication process. Dental technologists are an essential member of the dental team.

Kirkwood's Dental Technology program encompasses digital dentistry in preparing you in five speciality areas: dentures, partial dentures, ceramics, orthodontics, and crowns and bridges. As part of the program curriculum, you'll work with commercial dental laboratories and the University of Iowa College of Dentistry and the Dentistry Clinic to gain hands-on experience.

Career Opportunities

Large production laboratory
Small multi-task laboratory
Technical representative
Research
Hospital
Dental school
Owner/operator of laboratory
In-house laboratory

Sample Classes

Dental Anatomy
Foundation of Dental Technology

Introduction to Dentures
Introduction to Partial Dentures
Introduction to Crown and Bridge
Orthodontics
Occlusion
Dental Technology Industry
Digital Dentistry
Fixed Prosthodontics
Removable Prosthodontics

Accreditation

The Dental Assisting, Dental Hygiene, and Dental Technology programs are accredited by the Commission on Dental Accreditation. The Commission is a specialized accrediting body recognized by the United States Department of Education. Dental Technology graduates are eligible to take the Recognized Graduate examination, which is one of the first steps leading to certification as a certified dental technician (CDT). This examination is administered by the National Board of Certification in Dental Laboratory Technology.

The Commission on Dental Accreditation can be contacted at 312-440-4653 or at 211 East Chicago Avenue, Chicago, IL 60611-2678. The Commission's web address is: <http://www.ada.org/en/coda>.

Scholarships

Kirkwood will help you pay for college! Kirkwood awards more scholarships than any other community college in Iowa. For more information and to apply, visit www.kirkwood.edu/scholarships.

Kirkwood Community College shall not engage in nor allow unlawful discrimination against individuals involved in its educational programs and activities on the basis of race, creed, color, sex, sexual orientation, gender identity, national origin, religion, age, disability, or actual or potential parental, family, or marital status.
